Message from the Coordinator, B.Tech First Year

Dear Readers,

It gives me great pleasure to share this message for our Institute Magazine. The smooth functioning of the B.Tech First Year academics has been made possible through the consistent support and guidance of our institute administration. Their commitment to quality education and student-centric initiatives continues to inspire us.

I extend my sincere appreciation to our dedicated faculty members for their continuous efforts in maintaining academic discipline and ensuring effective execution of all academic processes. Their enthusiasm and mentorship play a vital role in shaping the academic journey of our students.

In the first year, we strive to provide students with ample exposure to the latest technologies through various intra-college events. These initiatives encourage them to think creatively, explore startup ideas, and participate in national-level events such as the Smart India Hackathon (SIH). Peer learning with senior students further strengthens their understanding, broadens their perspective, and motivates them to take up meaningful technical challenges. Students are also offered opportunities to groom themselves through active participation in technical clubs, soft-skill programs, and co-curricular activities, helping them grow with confidence and clarity.

To all our first-year students, I extend my warmest best wishes. This foundational year is crucial for building strong concepts, discipline, and a vision for your future. Continue to work hard, stay focused on your goals, and strive for excellence in every step you take.

May you achieve great success and make the institute proud with your accomplishments.

Best wishes for a bright and fulfilling future.

Mr. Suneel Kumar Agrawal
Coordintor-B.Tech First Year

Message from the Coordinator, B.Tech First Year

Dear Readers,

It is my pleasure to connect with you through this wonderful e-news letter.
Education is a continuous journey of learning and growth. We strive to inspire students to think critically, act responsibly, and lead with purpose.

We focus on nurturing talent through quality education, mentoring, and opportunities that empower students to achieve their full potential.

Our Institute remains committed to academic excellence, innovation, and holistic development, preparing students to meet future challenges with confidence and integrity.
Through dedicated faculty, modern infrastructure, and a learner-focused environment, our Institute aims to create competent professionals and responsible citizens.
First year plays an important role in this journey, as it creates the strong basic foundation of engineering.

"Excellence in education today shapes the leaders of tomorrow."

Dr. Nisha Singh
Co-ordinator- B.Tech 1st year

Paper Presented

Congratulations to Dr. Rajeev Rajput (Department of Applied Sciences & Humanities) for presenting his research paper titled "Integrating Indigenous Indian Knowledge to Achieve the Sustainable Development Goals" at the International Conference on Nanomaterials & Green Technology for Viksit Bharat Mission 2047.
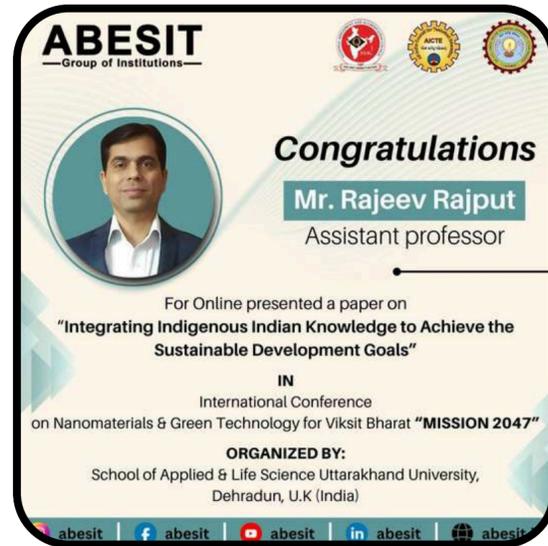

Mr. Pranjal Singh Assistant Professor MCA Department successful presented a research paper on "Real-Time Flow-Based DDoS Detection and Adaptive Mitigation Using Machine Learning in Enterprise Networks" at the 2025 IEEE ICCCA conference.

Ms Kajal Tomer got her research article published in the journal of current nanomaterials with the topic Preparation and characterization of a coconut oil nano emulsion for ellagic acid encapsulation.

Faculty Laurels

Paper Published

Dr.Hoshiyar Singh Kanyal, Professor Dept. of CSE, published his book chapter"Enhancing Power Distribution Efficiency Through AI-IoT and ML-Based Methodologies" in Vijayalakshmi, S.,J. L., Jacob, L., Dahiya, S., Gunavathi, R. (eds) Smart Power Systems.

Mr.Laxman Singh, Assistant Professor, Department of CSE, published his SCIE Paper "A Multi-Layered Aggregation and Lightweight Prediction Framework for IoT-Based WSNs" in the "Concurrency and Computation: Practice and Experience: Volume 37, Issue 27-28" by Wiley Publisher Science.

Mr.Laxman Singh and Mrs Sunita Kumari , Assistant Professors, Department of CSE, published their book chapter "Using AI Robotics for Soil Analysis and fertility management for Agriculture" in the book "Computational Intelligence and image processing in Agriculture" by Wiley Publisher .

Faculty Laurels

Certificate Of Appreciation

A certificate of appreciation was presented to Prof (Dr) Saurabh Agrawal for being a scientific evaluator in oral presentation in International Conference on From Molecules to Medicine: Drug Development, drug delivery and lifesaving therapies, organized by Galgotia College of Pharmacy.

A certificate of appreciation was presented to Laxman Singh, Assistant Professor, CSE Department for his contribution to the Reviewer in The Global AI Summit 2025.International Conference on Artificial Intelligence and Emerging Technology,Bennet University,India from 19th-21th November 2025,Technically Co-Sponsored by IEEE UP Section .Your contribution to ensuring the quality of papers in the conference is highly appreciated.
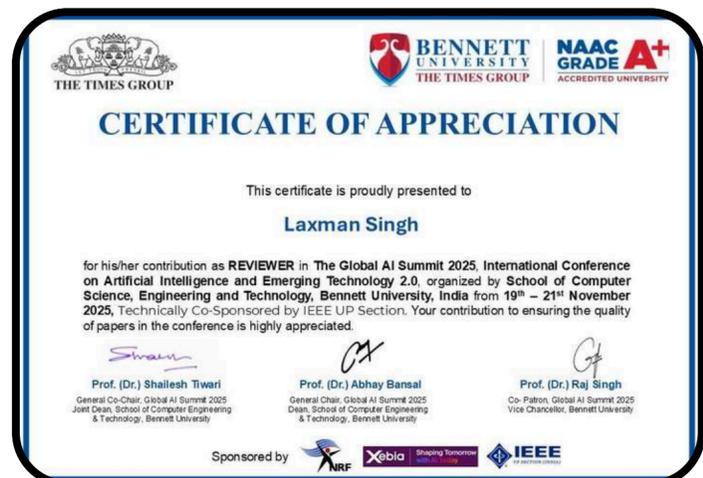

A Certificate of Reviewing was presented to Ms. Sadhana Singh to serve as a Review Committee Member for the
International Conference on Artificial Intelligence, Computer,
Data Sciences and Applications (ACDSA 2026)

Student Spotlight

Moment of Pride for ABESIT

The students of ABESIT have brought great pride to the institution by achieving 4th place at the International "The Open Hack" Hackathon, organized by the TON Ecosystem on 1st December 2025 in Bangalore. The event brought together some of the brightest minds and most passionate developers from across the country, making it a highly prestigious and competitive platform.

On 21 November 2025, our students secured the 1st Position at CODEATHON 4.0, held at ABESIT, Ghaziabad and organized by the Institution's Innovation Council (IIC), ABESIT. Competing against teams from multiple institutions, our team delivered an outstanding technical solution, demonstrating strong problem-solving skills, innovation, and teamwork.

Student Spotlight

Yukti Innovation Challenge

Aryan Shukla from class 4CSE-A participated in the Yukti Innovation Challenge, held on 25th November 2025 under the Ministry of Education. The one-day event encouraged young innovators to propose impactful and scalable solutions. Aryan showed commendable enthusiasm and contributed actively to the sessions. The platform offered valuable exposure to creative thinking, innovation, and real-world problem-solving.
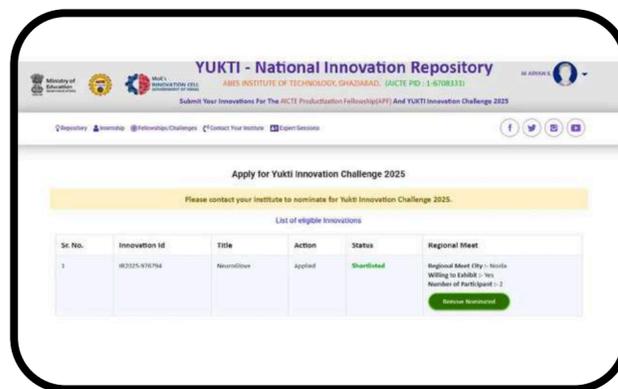

NEXHACK & DATAVERSE

Abharna from class 3CSE-A emerged as the Winner at NexHack and Dataverse, held from 6th to 7th November 2025 at Geeta University, Panipat, and KIET Ghaziabad. The two-day event brought together talented innovators to build impactful tech solutions. Abharna displayed outstanding creativity, technical expertise, and problem-solving skills throughout the competition.
